

# SkyBridge AI Aviation

Smarter Airports. Smoother Journeys.

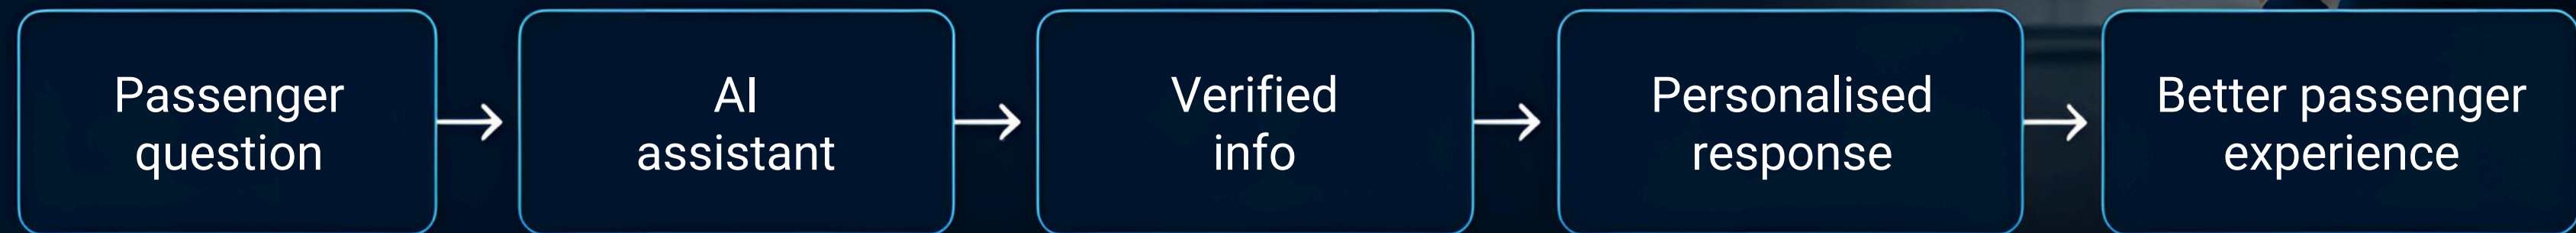

AI-powered passenger-assistance and  
airport-navigation service

Helping every traveller **find the way**  
and get **the support they need exactly**  
**when it matters.**

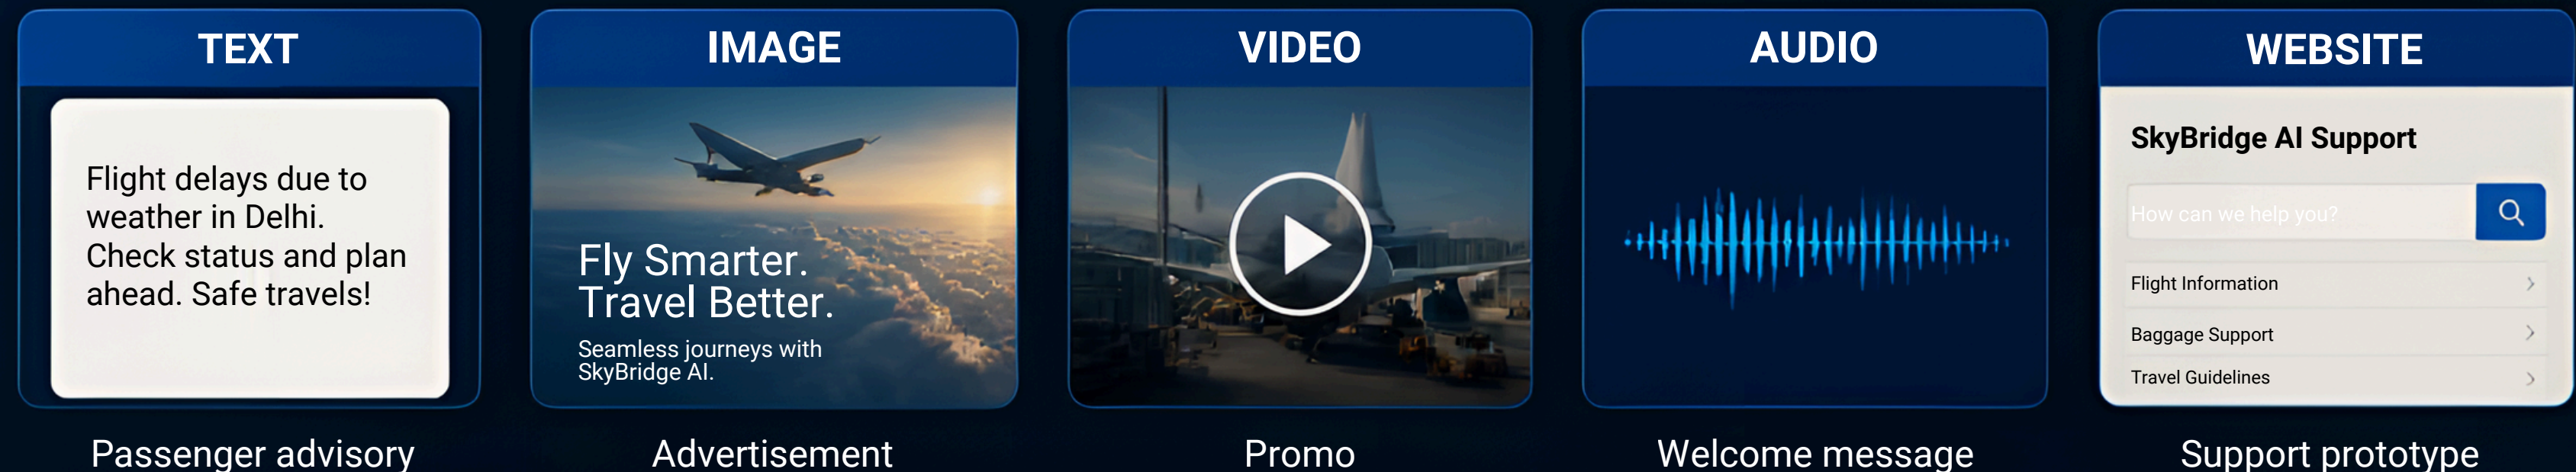

# HOW GENERATIVE AI SOLVES THE PROBLEM

From every passenger question to verified, personalized answers across multiple formats.

## GENERATIVE AI OUTPUTS

**AI GENERATES. HUMANS VERIFY.**

# FROM PROMPT TO PROFESSIONAL CONTENT

Turning prompts into accurate, on-brand, and passenger-friendly content.

## TEXT GENERATION

### CHATGPT PROMPT EXAMPLE

Write a brief passenger advisory about flight delays due to weather in Delhi. Keep it calm, clear, and passenger-friendly.

## AI-GENERATED TEXT OUTPUT

### AI OUTPUT SNIPPET

Flight delays due to weather in Delhi.  
Please check your flight status and plan ahead.  
Safe travels!

## HUMAN REVIEW

### REVIEW CHECKS

Tone check for calm and clarity  
Remove unverified claims  
Confirm fictional content and simplify language

## IMAGE GENERATION

### CANVA AI PROMPT EXAMPLE

Create a premium aviation advertisement for SkyBridge AI Support showing an AI assistant helping travelers at an airport.

TRAVEL SMARTER.  
WE'VE GOT YOU.

Instant answers. Personal  
support. Smarter journeys.

**SkyBridge AI Support**  
Your intelligent travel companion

# TESTING, VERIFICATION & HUMAN REVIEW

We compare AI tools, validate with human oversight, and verify answers through reliable sources.

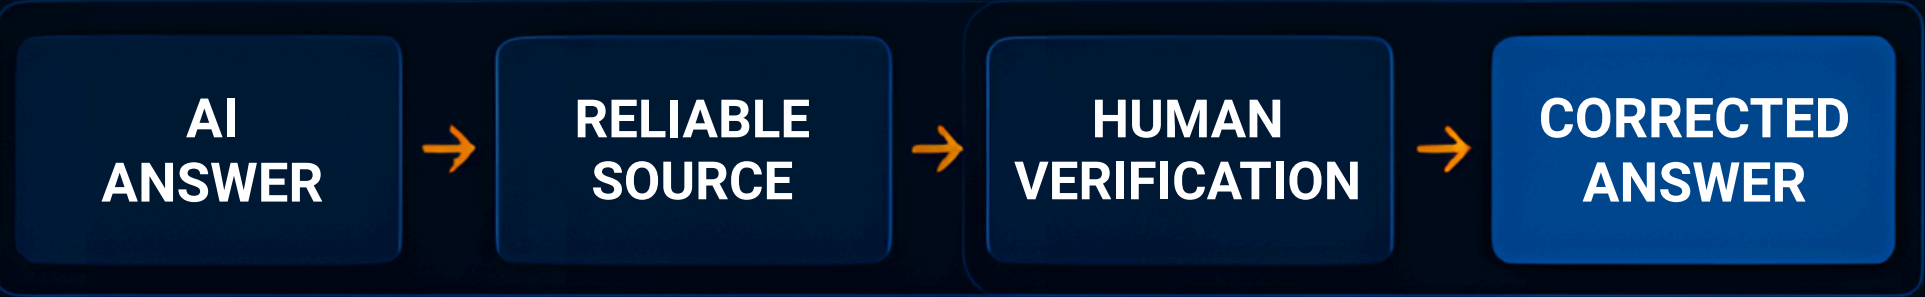

## AI TOOL COMPARISON (SAME PROMPT)

| CRITERIA          | CANVA AI  | CHATGPT IMAGES |
|-------------------|-----------|----------------|
| Prompt adherence  | High      | Very high      |
| Quality           | High      | Very high      |
| Realism           | Good      | Excellent      |
| Creativity        | Good      | Excellent      |
| Brand consistency | Excellent | Good           |
| Text accuracy     | Excellent | Good           |
| Ease of use       | Very easy | Easy           |

## HUMAN REVIEW GATE WORKFLOW

## RAG SOURCE VERIFICATION WORKFLOW

**RAG IMPROVES GROUNDING, BUT SOURCE QUALITY AND HUMAN VERIFICATION REMAIN ESSENTIAL.**

# RESPONSIBLE AI IN AVIATION

Innovative AI with strong ethics, human oversight, and measurable value for airlines and airports.

## RESPONSIBLE AI CONTROLS

### Verify

validate accuracy and sources

### Protect

safeguard privacy and data

### Disclose

be transparent about AI use

### Review

ensure human oversight

### Secure

strengthen access and systems

## BUSINESS VALUE

faster communication

reduced workload

brand consistency

content speed

better passenger experience

employee support

## CONCLUSION

Generative AI

**enhances  
aviation  
communication**

and complements  
human responsibility for  
safety and compliance.
